

Call for Abstracts

12th International Symposium on Biogeochemistry of Wetlands
April 23-26, 2018 | Coral Springs, FL
www.conference.ifas.ufl.edu/Biogeo2018

Abstracts Due: Monday, November 27, 2017

This international symposium provides a framework for scientists to share technical information on various topics related to coupled biogeochemical cycling of macro-elements and associated organic and inorganic contaminants. If you are working in the field of biogeochemistry, you are encouraged to submit an abstract for consideration as an oral or poster presentation and share your work at the symposium. Submissions will be grouped to form thematic sessions, so please review the [topic list](#) beforehand to determine the best topical fit for your work, as you will be asked to select a topic when uploading your abstract file.

Oral Presentations

To allow as many people as possible to give a talk, all authors are limited to giving a maximum of one oral presentation, however, you may present multiple posters if you wish.

Poster Presentations

Posters will be on display throughout the conference in the Poster & Sponsor Display Room. This is the primary gathering spot where morning, mid-day and afternoon refreshments are served. These networking functions maximize opportunities for discussion amongst poster presenters, attendees and sponsors.

Abstract Submission Fee

Abstracts must be submitted online. Please do not email them. A fee of \$25.00 per abstract is charged at the time of submission and is to be paid by credit card, so have your card number handy before you begin the submission process.

This fee is non-refundable. If later on you choose to withdraw your abstract, this fee is not refunded.

Registration Required to Participate and Present

All presenters, both oral and poster, are required to register and pay the applicable fee in order to attend and present at the conference. We anticipate the registration fee will be **approximately** \$450 for corporate, government, academia and non-profit attendees, and \$250 for students and retirees. **There will be no one-day fees offered.** All presenters, oral and poster, are required to register and pay the applicable fee by **February 14** to confirm participation in the program.

ABSTRACT FORMATTING INSTRUCTIONS:

- Use this [template](#) to create a perfectly formatted abstract.
- Abstracts **should be no longer than ONE page in length**. No graphs or figures should be included.
- Include a brief bio and your full contact information at the end of the abstract, as per the [template](#).

ABSTRACT SUBMISSION INSTRUCTIONS:

- Complete the online abstract submission form [linked here](#).
- Be careful of typos. If your email address is not correctly entered, you will not receive a confirmation.
- Upload your abstract file as a Microsoft Word file by **Monday, November 27, 2017**.

After you have successfully completed these steps, you will receive an email confirming receipt of your abstract. Please keep a copy on file for your records. *NOTE: If you do not see the confirmation email in your inbox, check your junk folder. Sometimes servers will re-direct messages to this folder.*

We will email you about the status of your abstract on **January 10**. If you do not receive this status notification, or if you have any questions, contact Beth Miller-Tipton at bmt@ufl.edu
