

Poster presentations play a key role in the exchange of information. Considerable time is dedicated to viewing them so scientists, policy makers, planners, practitioners, and managers can interact and use these opportunities to share details of their work, successes, and lessons learned. Posters will be on display throughout the conference in the Exhibit Hall, the primary gathering spot for morning, mid-day, and afternoon refreshments, as well as the welcome reception and poster session. **You will have plenty of time for visibility, networking and interaction with presenters and attendees!**

Poster Presenter Registration Deadline: Please register and pay the applicable fee by **September 16, 2022**, to confirm participation as a poster presenter and secure board space, and to have your abstract published in the abstract book.
