

The Novel Biogeochemistry of Ubiquitous Understudied Urban Wetlands

1:35-1:50: Alexander Reisinger

Challenges of Connectivity Within Urban Landscapes: Examples From The Baltimore Ecosystem Study

1:50-2:05: Lauren Kinsman-Costello

Urban Stormwater Wetlands As Novel Biogeochemical Systems: Elevated Salt and Sulfate

2:05-2:20: Eban Bean

A Little Retro: Valuing an Undersized Urban Stormwater Wetland Retrofit

2:20-2:35: Ariane Peralta

How Do We Manage Microbiomes to Promote Urban Wetland Functions?

2:35-2:50: Monica Palta

Accidental Urban Wetlands: Biogeochemical Processes in Unexpected Places
