

Blue Carbon: Improving Data Applied to IPCC Emission Factors and Carbon Markets

Part 1 of 3 –Drainage, restoration, submergence....

10:35 Noh – Republic of Korea

10:50 Chmura – Eastern Canada

11:05 Rovai – Global

11:20 Chen (given by Chmura) - SE Asia

11:35 Steinmuller – microcosm/Mississippi Delta

Blue Carbon: What is it ?

The organic carbon stored in vegetated coastal ecosystems:
Tidal salt marshes
