

NCER 2016

National Conference on Ecosystem Restoration

Ecosystem Restoration in Action

April 18-22, 2016
Coral Springs, FL

JOIN US

NCER is an interdisciplinary conference on large-scale ecosystem restoration presenting state-of-the art science and engineering, planning and policy in a partnership environment. As the preeminent conference on ecosystem restoration in the US, this conference brings together scientists and engineers, policy makers, planners and partners who are actively involved in or affected by all aspects of ecosystem restoration regardless of project or program size.

Participants will interact in an interdisciplinary setting to summarize and review cutting edge science, to create and maintain effective partnerships, and to leverage resources, so make plans to join us.

ABSTRACT SUBMISSIONS
Due by January 8, 2016

Individuals working in large scale or small scale ecosystem restoration are encouraged to submit an abstract describing their efforts, science, projects and results. Abstracts may be submitted for oral or poster presentation, and will be published electronically in the book of abstracts.

For information on how to submit an abstract, please visit:

www.conferences.ifas.ufl.edu/ncer2016
