

Detailed Program Agenda

May 30 – June 1, 2018 | New Orleans, LA

State of the Coast is the largest gathering of scientists, policy-makers, planners, business interests and citizens concerned with the future of the Louisiana coast. The conference presents relevant, timely information that can benefit a wide array of attendees from many backgrounds.

Attendees to our State of the Coast conferences represent a diverse spectrum of coastal interests:

- ◆ Scientists and coastal researchers
- ◆ Engineers
- ◆ Elected officials and government agency representatives (federal, state and local)
- ◆ Non-governmental organizations
- ◆ Coastal business owners and representatives (energy, fisheries, navigation, etc.)
- ◆ Land owners and managers
- ◆ Environmental and wildlife advocates
- ◆ Emergency planners
- ◆ Sportsmen and recreational interests
- ◆ Advocates of Louisiana culture
- ◆ Resource managers
- ◆ Educators
- ◆ Students
