Department of the Interior: Nature-based Solutions for Ecosystem Resilience and Community Well-being

A Community on Ecosystem Services

DECEMBER 11, 2024

Liza Khmara, Policy Analyst, DOI

Alisa Wade, Program Manager, DOI

Sara Ward, Nature-based Resiliency Coordinator, USFWS

Courtney Schupp, Regional Coastal Geologist, NPS

Jeff DeQuattro, Director of Restoration, TNC

DOI at-a-Glance

480 million
acres of public lands for access

532 million
visitors to DOI lands and waters in 2021

17
States in the west
with managed and
supplied water

20%
of the Nation's land
stewarded

574
Federally recognized
Indian Tribes and Ale
Native villages

2.5 billion
acres of the Outer
Continental Shelf
managed

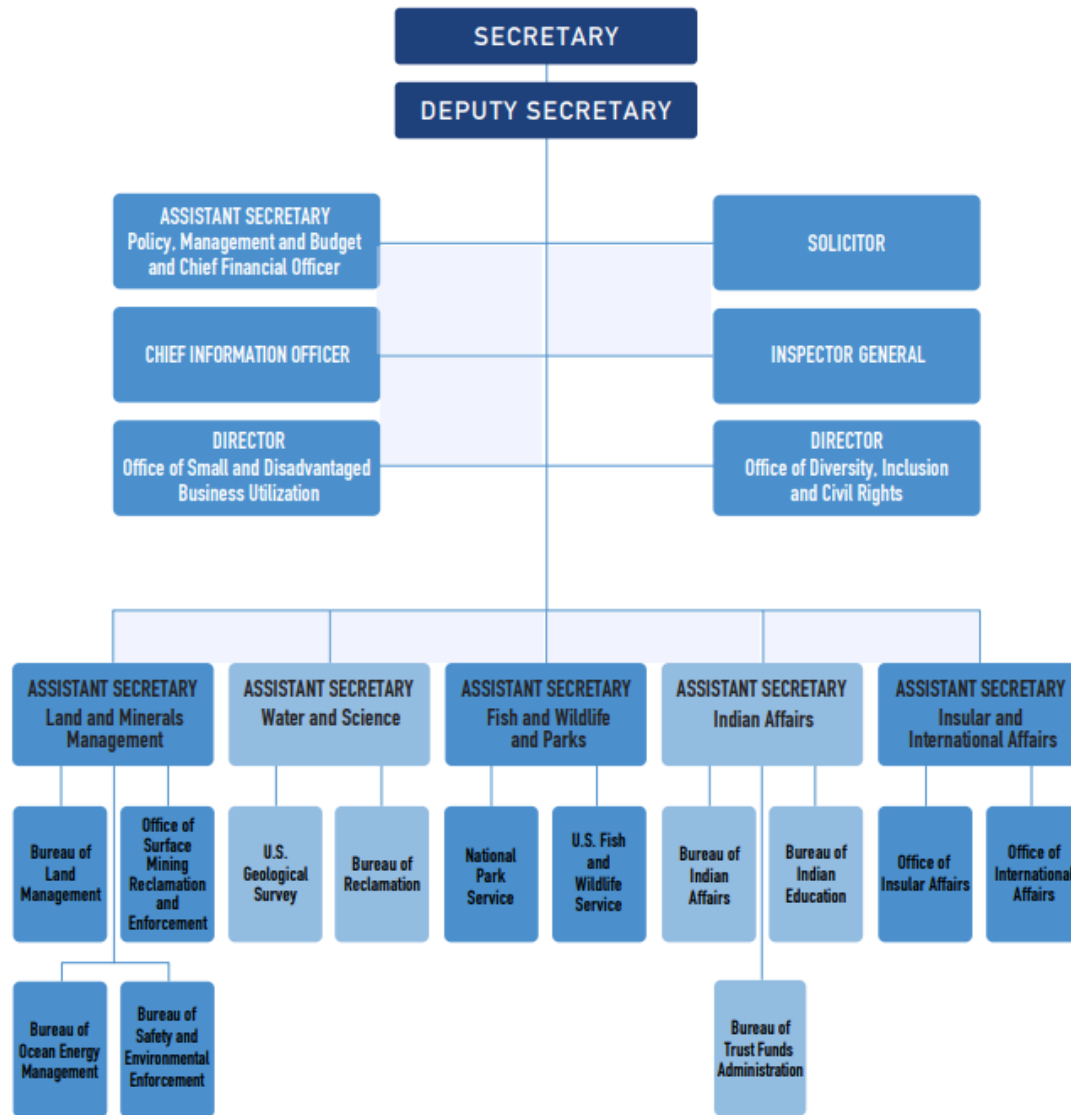

15%
of the Nation's
hydropower energy
supplied

700 million
acres of subsurface minerals managed

Mission

The U.S. Department of the Interior protects and manages the Nation's natural resources and cultural heritage; provides scientific and other information about those resources; and honors its trust responsibilities or special commitments to American Indians, Alaska Natives, Native Hawaiians, and affiliated Island Communities.

U.S. Department of the Interior

- Protects and manages the Nation’s natural resources and cultural heritage;
- Provides scientific and other information about those resources; and
- Honors its trust responsibilities or special commitments to American Indians, Alaska Natives, and affiliated Island Communities

BIL Ecosystem Restoration (ER) Program

The Bipartisan Infrastructure Law (BIL, aka Infrastructure Investment and Jobs Act) Title VIII and Section 40804 enacts to DOI and details

\$905M to restore ecosystems

BIL ER funds investments in cross-DOI coordinated projects that improve the Nation’s natural infrastructure that:

1. are robust, resilient, and durable into the future;
2. create tangible and measurable improvements in biodiversity and ecosystem functioning at landscape scales;
3. provide just and equitable benefits to communities and people; and
4. are consistent with the law and standing Executive Orders.

| | | |
|---|---------------|---|
| Activity 1a and 1b: Contracts | \$150M | Contracts and agreements and associated costs for which the purpose is to restore ecological health on minimum of 10,000 acres of Federal land, including Indian forest or range land ; \$100,000 of these funds to be split with USDA |
| Activity 2: Good neighbor activities | \$40M | Funding for States and Tribes for restoration projects on Federal lands pursuant to the good neighbor agreements and the Tribal Forest Protection Act |
| Activity 4: Grants | \$400M | Grants to States, territories of US, and Tribes for voluntary ecosystem restoration projects on private or public land |
| Activity 6: Invasive species | \$100M | Invasive species detection, prevention, and eradication on Federal and non-Federal land |
| Activity 7: Resilient recreation | \$45M | Restore, prepare, or adapt recreation sites on Federal land, including Indian forest or range land , that have experienced use beyond the carrying capacity of the sites |
| Activity 8: Mined lands | \$100M | Restore native vegetation and mitigate environmental hazards on mined Federal and non-Federal land |
| Activity 9: Reveg-etation | \$70M | Establish and implement a national revegetation effort on Federal and non-Federal land , including to implement the National Seed Strategy for Rehabilitation and Restoration |
