

# Building Consistency into Ecosystem Services Assessment and Decision Making

- 1. *Consistency in Ecosystem Services Measures for Decision Making***  
Lydia Olander, Duke University
- 2. *Getting Specific: Consistent Identification of Ecosystem Service and Human Well Being Outcomes from Environmental Management Decisions***  
Heather Tallis, The Nature Conservancy
- 3. *Building Consistency through Hierarchical Classification Systems for Ecosystem Services***  
George Van Houtven, RTI International
- 4. *Using Classification and Causal Chains to Consider Air Quality Impacts to Federal Lands***  
Tamara Blett, National Park Service
- 5. *Limitations of Classification Systems and Rationale for Flexible Design***  
Lisa Wainger, University of Maryland
