

**2014 International Firefly Symposium  
Poster Directory**

Poster #	First Name	Last Name	Organization	Abstract Title
1	Lynn	Faust	Emory River Land Company	The Shadow Ghosts, <i>Phausis inaccensa</i> : Photographic Notes on Habitat, Seasonality, Mating and Egg Guarding Behaviors and Early Instar Larvae
2	Lynn	Faust	Emory River Land Company	A Bahamas Population of the Threatened Florida Intertidal Firefly <i>Micronapsis floridana</i>
3	Fred	Murphy	University of Connecticut	Structure and Function of the Larval Visual System in the Firefly ( <i>Photuris</i> )
4	Hua-Te	Fang	Endemic Species Research Institute	Life Cycle and Photic Behavior of Winter Fireflies in the Alishan Area of Southwestern Taiwan
5	Marc	Branham	University of Florida	Creatures of Light: Nature's Bioluminescence – A Traveling Museum Exhibition
6	Marc	Branham	University of Florida	Description of Life Cycle and Preimaginal Stages of <i>Alecton discoidalis</i> Laporte, 1833 under Laboratory Conditions
7	Raphael	De Cock	University of Antwerp	Actualization of the Presence and Distribution of Spanish Fireflies Based on a Five Year Survey (2009-2013) by Means of a Photo-Biodiversity Database
8	Raphael	De Cock	University of Antwerp	Biodiversity Surveys of Firefly Species: Practical Examples of Small Scale Studies from Southern Spain (2012) and Southeast France (2013)
9	Raphael	De Cock	University of Antwerp	Call for a Discussion about the Set-Up of a more Standardized Protocol to Adequately Describe the Bioluminescent Behaviors of Fireflies Observed in the Field
10	Christopher	Heckscher	Delaware State University	<i>Photuris</i> Fireflies Threatened with Sea Level Rise in the Delaware and Chesapeake Estuaries
11	Heloise	Morgan		Hope for Barber's Fireflies: <i>Photuris</i> in the Washington, DC, Area and in Rehoboth Beach, Delaware
12	Sarah	Sander	University of Georgia	Genome Size Evolution in North American Fireflies
13	Ming-Luen	Jeng	National Museum of Natural Science	Diversity of Aquatic Fireflies in the Philippines
14	Yuichi	Oba	Nagoya University	<i>Pyropyga</i> Sp.: First Invasive Alien Firefly in Japan
15	John	Day	Centre for Ecology and Hydrology	Phylogeography of European Fireflies: Five Species in One
