

# Impact of Food Rescue and Redistribution on Orlando Communities

Daniel Friedline

Sustainability Project Manager

City of Orlando Office of Sustainability and Resilience

# Local Food in Orlando

**Through increasing opportunities for urban farming and working with local private organizations to increase community garden access, we are working to connect Orlando residents and businesses to food options that are grown closer to home.**

- 1/4 acre lot
- High food production
- CSA program

**South Street Urban Farm managed by Infinite Zion Farms**

# Food Rescue during the Covid 19 Pandemic

Bringing the hungry, hurting  
and homeless to new life,  
goals and a new future in Christ.
