This unique course offers:

- a **complete review** of all technical aspects of structural fumigation
- instruction by a team of over 15 **qualified** and **experienced professionals**, manufacturer reps and University of Florida faculty
- a combination of **classroom** and **field demonstrations**
- **hands-on** training with fumigation equipment including: fumiscope, interscan, detector tubes, fumiguide systems and SCBA
- instruction in avoiding costly fumigation errors with **"tips from the professionals"**
- **updates** on recent fumigation research and changes in labeling and regulations
- limited class size allows more **individual attention** for participants
- Florida's **SPID** and **fumigation examinations** offered by DACS at the completion of the course. Learn to identify structural pests controlled by fumigants
- instruction in **identifying structural pests** controlled by fumigants

JOIN THE MANY COMPANIES that have wisely taken advantage of this unique educational opportunity. There is a demand for highly qualified, trained fumigators. Significantly more people pass the SPID exam upon completion of the course and SPID review.

This one-week course is organized and sponsored with the help of fumigation industry members, manufacturers, suppliers, DACS personnel, and University of Florida faculty. Instruction will be by a team of qualified and experienced professionals with expertise in structural fumigation.

All aspects of structural fumigation will be covered. Activities include more than 15 hours of classroom instruction, 10 hours of labs and workshops, plus 8 hours of field work at a real residential fumigation.

"I was quite impressed by the talent assembled by the school and the quality of the presentations made by the instructors. I would not hesitate to recommend this school for any person interested in learning the correct procedures of commodity or structural fumigation."

MR. MICHAEL R. McDANIEL
Entomologist-Inspector, Florida Department
of Agriculture & Consumer Services

FUMIGATION PROFESSIONALS...

Are you missing business opportunities because you are unaware of recent technological changes? Are you taking advantage of improvements in fumigation practices? SPID and Fumigation Exams

The Florida Department of Agriculture & Consumer Services (DACS) is offering the Special ID Card (SPID) and Fumigation Exams on Saturday, November 20, 2004 in conjunction with the School of Structural Fumigation. If interested in taking either exam, please complete and submit a DACS exam application along with the required fees to: Bureau of Entomology & Pest Control, DACS, 1203 Governors Square Blvd., Suite 300, Tallahassee, FL 32301-2961, postmarked on or before October 12, 2004. For applications or if you have questions, please call the Bureau at 850-921-4177.

FDACS EXAM FEES*:

SPID Exam \$200
Fumigation Certification Exam \$225

* Fees are paid directly to DACS as instructed above.

IMPORTANT REMINDER:

Exam application deadline is **October 12, 2004.**

Examination Preparation

Throughout the course, we'll cover most of the material on the certification exams. We also highly recommend that you register for the exam review session (for a nominal fee of \$25) to be held on Friday, November 19 from 2-5pm. When registering, be sure to indicate if you are attending the review session. We also suggest reading, in advance, the UF Florida Fumigation Manual (ask DACS for details).

Continuing Education Units (CEUs) for Florida License Holders

After completing the course, certified operators and SPIDs can receive up to six CEUs (two Core, two Termite, two Fumigation). Requirements for awarding CEUs vary by state. Ask your state Certification Office about CEU and renewal requirements. Fumigators wishing to earn CEUs and have them applied toward license renewal must present a Commercial, Public and/or Private License. For questions about CEUs, email Elsa Schutzman at: schutz@doacs.state.fl.us

A Certificate of Completion and a copy of the program agenda are given at the end of the course. To apply for CEUs from your state, contact your state's licensing office and provide them with these materials to determine if you are eligible for CEUs.

Lodging and Accommodations

Lodging is available at the nearby Homestead Studio Suites, 7560 State Rd 84, Davie, FL, 8 miles from the Ft. Lauderdale International Airport. Each suite has a fully equipped kitchen and a comfortable workspace. A special rate of \$47.99 per night is available for participants (subject to 11% tax). Reservations must be made by November 1, 2004 to get the group rate. For reservations call the hotel at 954-476-1211. Be sure to mention you are attending the UF Structural Fumigation School.
