

# THE FOREVERGLADES SCHOLARSHIP PROGRAM

INVESTING IN THE FUTURE OF EVERGLADES SCIENCE

**The Everglades Foundation** provides scholarships and fellowships for advanced graduate research in support of innovative scientific methods to advance the understanding of Everglades science.

The 12-month **ForEverglades Scholarships and Fellowships** provide up to \$30,000 a year for stipends, tuition fees, travel, and other research-related expenses.

## **ForEverglades Scholarship**

Open to graduate students from all universities in the United States that are engaged in Everglades-related research.

## **FIU ForEverglades Scholarship**

Open to graduate students at the Florida International University and conducting Everglades research.

## **ForEverglades Patrick Lee Fellowship**

Open to United States citizens conducting graduate-level research related to Florida Bay.

## **VoLo ForEverglades Fellowship**

Open to graduate students from all universities in the United States pursuing research in climate change evaluation for the Everglades.

## **ForEverglades Bass Pro Shops and Cabela's Outdoor Fund Fellowship**

Open to graduate students from all universities in the United States conducting research on habitat restoration, fisheries or wildlife ecology, and resource management throughout the Everglades.

**APPLICATIONS ARE DUE JULY 31, 2021**
