We are excited you will be presenting a poster at GGAA. Carefully review and follow these instructions.

GGAA will feature TWO MODES of poster presentations:

1) In-Person Posters: These will be presented live during a poster session at GGAA in Orlando, Florida.

2) Virtual Posters: GGAA registrants will view your poster PDF on a password protected virtual platform. *There is no interactive component for this option. Include your email address in your poster so attendees can email you directly with questions.*

NOTE: If your presentation preference has changed, email bmt@ufl.edu right away. *Changes will be accommodated based on availability.*

IMPORTANT ITEMS TO NOTE:

o   Presentation preferences were indicated during abstract submission. Those who plan to attend in person and selected "no preference" but were *not* selected to give a talk, were scheduled to present a poster in person.

o   The mode of presentation scheduled for your poster is indicated in the far right column of the **GGAA Poster Directory**.

o   All poster PDF files (in person & virtual) will be visible on the password-protected virtual platform until the next GGAA.

o   All presenters must register and pay the fee by **March 4, 2022** to confirm participation.

o   All poster PDF files (in person & virtual) must be submitted via this link by **Friday, May 13, 2022**. *(No exceptions.)*

Poster Design and Formatting Specifications:

All poster presenters are to create a one-page poster (16:9 aspect ratio - landscape format):
