

# IFTBC

International Forage &  
Turf Breeding Conference

*A Global Vision for Innovation*

## Mark Your Calendar!

**March 24-27, 2019**

**Lake Buena Vista, FL, USA**

IFTBC provides a valuable opportunity to discuss results of new and innovative genetic improvement tools, exchange ideas for genetic improvement, and promote networking and collaboration among practitioners, scientists, researchers, students and industry professionals.

**UF | IFAS**  
UNIVERSITY of FLORIDA

[www.conference.ifas.ufl.edu/iftbc2019](http://www.conference.ifas.ufl.edu/iftbc2019)

If your work focuses on using applied genetics, biotechnology, phenomics and/or genomics to accelerate forage, turfgrass and/or bioenergy cultivar development, **you should attend this conference!**

### **You'll learn the latest on:**

- Scientific research being conducted worldwide to advance breeding and genetic science
- Methods to enhance breeding for desirable traits such as yield, quality and improved disease resistance
- How to identify target traits to maximize higher profits for the producer community

### **Additional benefits include:**

- Networking with forage and turfgrass professionals to increase your global presence
- Recruiting students, postdocs and visiting scientists for your lab or company
- Receiving an electronic compilation of cutting edge oral and poster presentations well before they appear in traditional print journals

**Take advantage of this opportunity and make plans to join us!**
