

INVASION SCIENCE RESEARCH SYMPOSIUM

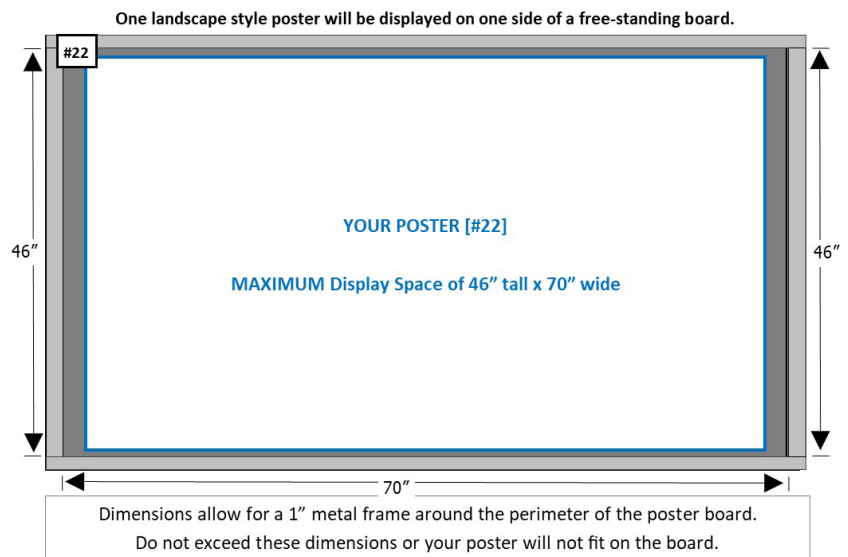

MAY 6-8, 2024 | GAINESVILLE, FL

Poster Presenter Instructions

Poster presentations play a key role in the exchange of information. Considerable time will be dedicated for viewing them, and posters will be on display throughout the symposium in the Poster Hall. This is the primary gathering spot where morning coffee, lunch, mid-day and afternoon breaks are served, as well as a formal poster session. This allows plenty of time for visibility, networking and interaction with fellow presenters and attendees.

Poster Display Specifications:

- Posters are on display for the duration of the symposium.
- Posters are limited to a **maximum size of 46" high x 70" wide**. If your poster exceeds these dimensions, your poster will not fit, and poster visibility will be compromised.
- Each poster will be assigned a number in advance. We number the board, so you don't need to put a number on your poster.
- Poster boards are covered with fabric. **A limited supply of Velcro is provided**. If your poster is heavy, you may want to bring an extra supply.
- A formal Poster Session and Networking Reception is scheduled for Tuesday, May 7, 2024.
 - Presenters should be available at their poster board for attendee questions.
