

INVASION SCIENCE RESEARCH SYMPOSIUM

MAY 6-8, 2024 | GAINESVILLE, FL

The Invasion Science Research Symposium planning committee invites you to join us in Gainesville, Florida!

Organized by the *Invasion Science Research Institute (ISRI)*, this symposium aims to explore and promote the development of interdisciplinary research and the use of novel tools and approaches, to advance our understanding of invasive species and inform the design, organization and delivery of policies and practices that can improve prevention and management.
