

# Poster Directory

## Poster Number

- 1.....**Taste Use by the Florida Manatee, *Trichechus manatus latirostris*: The Next Step in Manatee Sensory System Evaluation – Meghan Bills**, University of Florida, United States
- 2.....**Oil Effects on the Amazonian Manatee (*Trichechus inunguis*) in Eastern Ecuador: Evaluating the Risks – Caitlin Brice**, Nova Southeastern University Oceanographic Center, United States
- 3.....**Genetic Variation in Detoxification Enzymes of Florida Bottlenose Dolphins Exposed to Harmful Algal Blooms – Kristina Cammen**, Duke University, United States
- 4.....**Walking in the California Sea Lion (*Zalophus californianus*) Adenovirus Genome – Galaxia Cortes-Hinojosa**, University of Florida, United States
- 5.....**Verifying Molecular Genetic Tools in a Captive Sample of Florida Manatees (*Trichechus manatus latirostris*) and Applying Them to a Wild Sample in Crystal River, Florida – Michelle Davis**, University of Florida, United States
- 6.....**Methods for Creating a Bottlenose Dolphin (*Tursiops truncatus*) Visual Health Index – Mary Gryzbek**, University of Florida and Chicago Zoological Society, United States
- 7.....**Sizing it Up: Body Mass Index and Maximum Girth Reference Ranges for Health Assessment of Bottlenose Dolphins (*Tursiops truncatus*) in the Southeastern United States – Leslie Hart**, NOAA/NOS/NCCOS/HML, United States
- 8.....**Next-generation Sequencing and *De Novo* Assembly of the Florida Manatee Leukocyte Transcriptome – Margaret Hunter**, Sirenia Project, U.S. Geological Survey, United States
- 9.....**Evidence of Lethal Mosquito Transmitted Viral Disease in Captive *Orcinus orca* – John Jett**, Stetson University, United States
- 10.....**Necropsies Findings in South American Fur Seal Pups (*Arctocephalus australis*) in Uruguay – Helena Katz**, Veterinary Faculty, Montevideo, Uruguay
- 11.....**Reproductive Tract Histology of Female South American Fur Seal Pups (*Arctocephalus australis*) – Helena Katz**, Pathology Area, Montevideo, Uruguay
- 12.....**Sex Steroid Hormone Receptors in Ovaries of Adult South American Fur Seals (*Arctocephalus australis* Zimmerman, 1783) – Helena Katz**, Veterinary Faculty, Montevideo, Uruguay
- 13.....**Captive Enclosure in a Natural Setting for Rehabilitation of Amazonian Manatees – Miriam Marmontel**, Mamiraua Institute for Sustainable Development, Tefé, Brazil

- 14.....**Baseline Circulating and Secreted Immunoglobulin G in the Florida Manatee (*Trichechus manatus latirostris*)** – *Jennifer McGee*, University of Florida, United States
- 15.....**Investigations into the Reproductive Strategy of the Female Ragged-tooth Shark (*Carcharias taurus*)** – *Kristina Naidoo*, University of KwaZulu Natal and KwaZulu Natal Sharks board, Durban, South Africa
- 16.....**A Chronically Entangled Estuarine Bottlenose Dolphin: A Case Study** – *Wendy Noke Durden*, Hubbs-SeaWorld Research Institute, United States
- 17.....**Conserving Endangered Wildlife Species: The Plight of Cook Inlet, Alaska Belugas (*Delphinapterus leucas*)** – *Stephanie Norman*, UC Davis AND Marine-Med: Marine Research, Epidemiology and Veterinary Medicine, United States
- 18.....**Diagnosis and Characterization of Ovarian Cysts in Bottlenose Dolphin (*Tursiops truncatus*) Using Ultrasonography** – *Daniel Fernando Ramirez*, Universidad Nacional Autónoma de México, Mexico DF, México
- 19.....**An Overview of the Visual System of the Florida Manatee (*Trichechus manatus latirostris*)** – *Don Samuelson*, University of Florida, United States
- 20.....**Aquatic Vegetation Analysis from 1996 to 2011 in Kings Bay-Crystal River, Florida, Critical Habitat for Manatees** – *Sophia Schecter*, University of Florida, United States
- 21.....**Fecal Progesterone, Estradiol, and Cortisol Concentrations through the Reproductive Cycle of a Female Florida Manatee (*Trichechus manatus latirostris*) and Comparisons with Behavior** – *Julie Sheldon*, University of Florida, United States
- 22.....**The Physiological Role of Zinc in the Florida Manatee (*Trichechus manatus latirostris*)** – *Noel Takeuchi*, University of Florida, United States
- 23.....**In Vitro Brevetoxin (PbTx-2) Exposure Affects Gene Expression and Lymphocyte Proliferation in Peripheral Blood Leukocytes of the Florida Manatee: Potential Impacts on Animal Health** – *Catherine Walsh*, Mote Marine Laboratory, United States
- 24.....**Establishing Behavioral Diagnostic Criteria for Domoic Acid Intoxication in *Zalophus californianus*** – *Christiana Wittmaack*, Nova Southeastern University, United States
- 25.....**Baseline Estimates of Immune Function and Oxidative Stress in Free-ranging Manatees** – *Jennifer Yordy*, Mote Marine Laboratory, United States
