

NNCER 2018

National Conference on Ecosystem Restoration

Building connections from the local to the landscape scale

Sponsorship Prospectus

August 26 - 30, 2018

New Orleans, Louisiana, USA

UF | IFAS
UNIVERSITY of FLORIDA

Why Become a Sponsor?

About NCER 2018

NCER is **the** best ecosystem restoration forum for restoration professionals to see a snap shot of what's happening across the country in a variety of habitat settings.

Because this conference draws those with scientific, technical, management and policy expertise, you'll have a chance meet with high-level planners and managers and others "in the know" about restoration projects being planned and those already in the works across the county.

NCER provides an interactive forum for physical, biological, and social scientists, engineers, resource managers, planners, and policy makers to share their experiences and research results concerning large-scale ecosystem restoration on both national and international levels.

Being a sponsor of the 2018 National Conference on Ecosystem Restoration provides the opportunity to:

Interact with key decision makers

Showcase your organization to governmental, private, non-profit and contracting organizations

Increase brand awareness within niche community

Reinforce your continued commitment to ecosystem restoration

Enhance your prominence as a community leader

Generate leads for new projects and potential contracts

Attendee Snapshot

Who Attends NCER?

NCER is a collaborative effort and brings together scientists, engineers, managers, and policy makers who are actively involved in and/or affected by all aspects of ecosystem restoration. Individuals interested in planning and management activities such as setting goals, objectives and performance standards by which to measure success should be sure to attend. This includes:

- Federal, State, and Local Agency Scientists and Land Managers
- Tribal Governments
- Non-Governmental Conservation Organizations and Partnerships
- Water Resource Engineers and Managers
- Environmental Consultants
- Environmental Policy Managers
- Ecological Scientists and Researchers
- Hydrologists and Hydrological Modelers
- Students and Members of Academia
- Environmental Interest Groups

Testimonials

“This conference is, and continues to be, one of the best conferences I attend.”

“NCER is the best ecosystem restoration forum to get a snapshot of what’s happening across the country in a variety of habitat settings.”

“Fantastic conference. NCER is truly unique and MUST continue.”

“Great conference! Logistics handled well. Sessions ran on time. Plenary sessions were outstanding. Coffee houses were excellent.”
